EDUCATION

The Hong Kong Polytechnic University — Hong Kong SAR, China
Ph.D. in Fiber-Optic Sensing — *2025.09–Present*

- Research focus: distributed fiber-optic sensing for traffic and ocean monitoring.

Chongqing University — Chongqing, China
M.S. in Communication and Information Engineering — *2021.09–2024.07*

- Research focus: distributed fiber-optic sensing for perimeter security and intrusion identification.

Shantou University — Shantou, China
B.S. in Communication Engineering — *2017.09–2021.07*

- Award: Distinguished Graduate.

EXPERIENCE

The Hong Kong Polytechnic University — Hong Kong SAR, China
Research Assistant — *2024.07–2025.08*

- Contributed to distributed acoustic sensing (DAS) experiments for traffic monitoring.

Industrial and Commercial Bank of China, Software Development Center — Zhuhai, China
R&D Intern — *2020.07–2020.08*

- Contributed to a financial core transaction model built on distributed systems.

SKILLS

- **Programming and tools:** Python, MATLAB, AI agents.
- **Languages:** Mandarin, English.

SELECTED PUBLICATIONS (DURING THE PH.D. STAGE)

Published and accepted papers

1. Jingming Zhang, Yaxi Yan, **Yinghuan Li**, Alan Pak Tao Lau, Liyang Shao, and Changyuan Yu, "Distributed Acoustic Sensing with Super Spatial-Resolution Based on Deconvolutional Neural Network," in *Optical Fiber Communication Conference (OFC)*, 2025, paper Th1I.6. **Oral.**
2. **Yinghuan Li**, Jingming Zhang, Yaxi Yan, and Alan Pak Tao Lau, "Traffic Monitoring Using Optical Fiber Distributed Acoustic Sensing for Metropolitan Environments," *Journal of Lightwave Technology*, vol. 44, no. 3, pp. 913–929, 2026. **Invited.**
3. **Yinghuan Li**, Jingming Zhang, Changyuan Yu, Jipeng Liu, Yaxi Yan, and Alan Pak Tao Lau, "Dataset for Traffic Monitoring Using Distributed Acoustic Sensing in Busy Traffic Environments," in *Optical Fiber Communication Conference (OFC)*, 2026, paper M3M.1. **Oral.**
4. Jingming Zhang, **Yinghuan Li**, et al., "Label-Efficient Urban Traffic Monitoring Using Dark-Fiber Distributed Acoustic Sensing," *IEEE Sensors Journal*, 2026, doi: 10.1109/JSEN.2026.3744392. **Accepted for publication.**
